SUMMARY

Web Development Intern at Vaultofcodes in Bangalore, India, with experience in front-end development using HTML, CSS, and JavaScript to create visually appealing web pages. Proficient in version control tools such as Git and skilled in programming languages including Python, Java, .NET, C Programming, and HTML. Strong foundation in data structures and network security basics. Demonstrates excellent soft skills such as public speaking, presentation, technical documentation, report writing, team collaboration, and leadership. Aspires to leverage technical expertise and collaborative abilities to contribute effectively to future projects.

EXPERIENCE

Web Development Intern (Vaultofcodes - Bangalore, India)

April 2025 - Current

- Implemented front-end development with HTML, CSS, and JavaScript, creating visually appealing web pages.
- Managed code changes using version control tools such as Git.

PROJECTS

Expense Tracker Web App

Tech Stack: HTML, CSS, JavaScript, Bootstrap, LocalStorage

- Built a responsive web app to manage personal expenses with add, delete, and filter functionality.
- Implemented user login/logout using localStorage for user-specific data.
- Enabled CSV export of expenses and real-time total calculation.
- Designed with Bootstrap for a clean and mobile-friendly UI.

ConstructSync - Construction Management System

Tech Stack: VB.NET, SQL Server

- Developed a centralized app to streamline construction workflows with role-based access for Admins, Supervisors, Workers, and Clients.
- Key features: Project & task management, scheduling, resource tracking, budget monitoring, and real-time updates.
- Enabled secure, scalable, and efficient collaboration with a modular architecture and real-time communication to reduce delays and risks.
