SUMMARY

Proactive and inquisitive BCA student with a solid grounding in computer science fundamentals and hands-on experience in developing tech-driven solutions. Equipped with practical knowledge of multiple programming languages and modern tools, combined with a keen interest in areas like system design, cybersecurity, and data management. Recognized for clear communication, analytical thinking, and collaborative project work. Driven to apply both technical and soft skills in real-world settings while continuously expanding knowledge across domains.

EXPERIENCE

Web Development Intern (Vaultofcodes - Bangalore, India)

April 2025

- Implemented front-end development with HTML, CSS, and JavaScript, creating visually appealing web pages.
- Managed code changes using version control tools such as Git.

PROJECTS

Expense Tracker Web App

Developed a responsive Expense Tracker web app using HTML, CSS, JavaScript, and Bootstrap, with LocalStorage for user-specific data management. The app includes features to add, delete, and filter expenses, real-time total calculation, and CSV export. Designed with a clean, mobile-friendly interface using Bootstrap.

ConstructSync - Construction Management System

Built a centralized construction management app using VB.NET and SQL Server with role-based access for various users. Included modules for project management, scheduling, resource tracking, and budgeting, with real-time updates and a scalable, modular architecture for efficient collaboration.

SKILLS

Web & Software Technologies: HTML, CSS, JavaScript, Bootstrap, React, AngularJS (v7.0), Node.js, .NET Framework, PHP, Django, WordPress

Programming Languages: Python, Java, C, C++, SQL

Design & Prototyping: Figma, UI/UX Design, Wireframing, Rapid Prototyping

Data & Analytics: Power BI, Tableau, MS Excel, Relational Databases, MySQL, SQL Server, PostgreSQL

AI & ML: Artificial Intelligence, Machine Learning, Deep Learning, Neural Networks

SEO & Web Optimization: Search Engine Optimization (SEO), Performance Tuning

Development Tools: Git, GitHub, Visual Studio, LocalStorage

Core Concepts: Data Structures, Network Security Basics

CERTIFICATIONS

- Microsoft Learn AI Builder Challenge
- Microsoft Learn Machine Learning Challenge
- Mathworks
- Infosys - Overview is SIEM, Log Analysis of Devices and Platforms
- Network Fundamentals
- Itronix Solutions (Cybersecurity)
- Itronix Solutions (Data Science)
- Tata Forage (Data Visualisation: Empowerment Business with Effective Insights)
- Delloite (Data Analytics Job Stimulation)
- Oracle: Database for Developers : Foundation
- Udemy: Intro to Artificial General Intelligence : Future of AI

EDUCATION

2026

Kristu Jayanti College(Autonomous)

Bengaluru, IN-KA

Bachelor of Computer Applications(Pursuing)

2023

Higher Secondary in Teacher's Academy Pu College (CEBA)

Bengaluru, IN-KA
